Koh Tachai

Koh Tachai is without exaggeration one of the most beautiful tropical islands in Thailand. This tropical paradise is situated between Koh Bon to its south and the wonderful Surin islands to the north.

Snorkeling at two different coral reefs in crystal clear water, an easy walk into the jungle interior of the island, a Trek to the viewpoint for a stunning view out across the Indian ocean, or do absolutely nothing, and just relax on the beautiful soft white coral sand beach, and swimming in the warm shallow sea.

This is our day trip.
All this in one day, and of course our fully trained guides will be with you all the way.
Just Enjoy Yourself.

Please note Koh Tachai is a National Park so please do not...
Feed the fish, Take Coral from the beach,
Take sand from the beach. Thank you for helping Medsye preserve the island environment.

Lunch, soft drinks, tea/coffee, snacks, ice cream will be served on the island.

The programme is subject to change due to weather, sea conditions and sea currents.
